SUMMARY

Highly motivated graduate with 6 months of experience in front-end development and Figma UI/UX design. Skilled in HTML, CSS, JavaScript, React.js, and Figma, I am passionate about pursuing a career in this field. With a strong eye for detail and a desire to stay updated with the latest trends, I am eager to contribute my creativity, communication skills, and technical knowledge to a dynamic organization

WORK EXPERIENCE

Codeaza Technology - Rawalpindi

June 2022 – August 2022

Frontend Developer - Internship

- Collaborated with project management and front-end development team to orchestrate project advancement throughout all phases.
- Created web-based initiatives by implementing React and CSS frameworks for streamlined web development.
- Designed the user interface for an E-Sports Gaming Application utilizing React Native and Figma for UI/UX design.

Ultar Tech (SMC) Pvt, Ltd – Rawalpindi

Mar 2022 – May 2022

Fresh Graduate - Internship

- Completed a JavaScript Development internship and had a fantastic experience at Ultar Tech. During my time there, I was able to work on backend projects and gained practical experience in SQL, JS, Postman API and Node.
